TimberTech®
Go Against the Grain.

TimberTech®
Go Against the Grain.

## TimberTech DeckCleaner™

- Cleans decking, railing, trim, and moulding

- Concentrated formula that removes dirt, mold, mildew, dust, pollen, and more

- Non-toxic, bleach-free, and biodegradable

- Cleans approximately 1,000 square feet of surface area when properly diluted

- Guaranteed not to damage TimberTech products, or affect the warranty, when used as directed on the recommended products

- Not intended for wood or traditional composite decking (non-capped)

# RAILING

Contemporary Rail in Traditional Walnut
**Premier Railing® in White**

# Traditional Composite Railing

Discover the gorgeous railing profiles in the Traditional Composite Railing category. Each profile boasts a traditional millwork look. Composed of the same strong materials in our capped composite decking, these railings are impervious to mold- and moisture-damage due to the all-synthetic cap that won't fade, weather, or splinter. Tap into these time-honored profiles to complement any deck.

## Classic Composite Series

The Classic Composite Series, a simple system with endless design options, combines four railing profiles into one. It uses the NEW Universal Rail and offers four top rail options: Premier Rail®, RadianceRail®, Trademark Rail™ and a deck board for a Drink Rail option. This allows for easy, intuitive ordering with fewer SKUs. Designed for the homeowner who wants an impactful railing design that complements the deck as well as the homes' exterior.

**Premier Railing®**

**Trademark Rail™**
Only Available in White

# Pavers

Made from 95% recycled material, TimberTech Pavers are high-performance, composite alternatives to stone that boast a natural appearance while resisting stains, scratches, and cracking for years to come. One-third the weight of traditional stone, TimberTech Pavers are ideal for resurfacing patios, balconies, and rooftops.

Pavers shown in Boardwalk and Village

# DrySpace™

Ideal for second-story decks, this sleek system collects and channels moisture so homeowners can make the most of the space below. Attach the system to new or existing deck joists and let this extruded vinyl system double your livable outdoor living spaces.

#1 in Performance Trim

# AZEK® Trim with Protective Film

AZEK Trim is cellular PVC with a crisp white semi-matte finish providing years of low maintenance for homeowners. To ensure that it looks as beautiful on your homes as it does when it leaves our facilities, our Classic AZEK Trim in Traditional and Frontier finish is now produced with a protective film.

AZEK Trim with protective film should be kept dry prior to installation. Do not expose film to direct sunlight for extended periods. Protective film can be removed prior to, during or immediately after installation.

## AZEK TRIM FILM WILL BE ON THE FOLLOWING TRADITIONAL AND FRONTIER TRIM PRODUCTS

| Nominal Thickness | Nominal Width | | | | | | |
|---|---|---|---|---|---|---|---|
| | 4 | 5 | 6 | 8 | 10 | 12 | 16 |

## Classic AZEK Trim, Traditional and Frontier

AZEK Trim is a finishing touch that is far superior to wood. AZEK Trim is more durable and keeps its appearance longer with little maintenance. It is easily milled, routed and heat formed for exquisite custom looks or curved applications. No staining or sealing needed. AZEK Trim is easily painted for personal styling.

## Flange Slotted Trim

Typical window trims installed over a window nailing fin need to be shimmed or pulled back for the trim to lay flat. Flange Slotted Window Trim does not and is engineered to create consistent long-lasting window surrounds by removing the installation challenges created by windows installed with a nailing fin.

## AZEK® Trim with PaintPro® Technology

No primer needed. Get work finished faster thanks to quicker drying time. PaintPro can be handled 30 minutes after painting. AZEK Trim with PaintPro technology has all the benefits of AZEK Classic Trim including being virtually impervious to moisture, but also adds the benefit of a superior paint bond that enhances long-term performance.

## PaintPro Sheet

Applications over 16" wide are easy with AZEK PaintPro Sheet. Ideal for use in bay windows, dormers, and raised panels.

## Columns

AZEK's Column Wrap profile allows for easy one-person installation, saving time and costs. Three connected panels and a fourth "locking" panel fit easily around a structural support with press fit seams and smooth, finished corners. AZEK Column Wrap is available in semi-matte white Traditional finish.

## New Soffit System

Available in two profiles, Solid and Vented. Both provide climate-resistant material for smooth, beautiful finishing to match any home exterior. The Vented Soffit has 8" of venting and 4" of solid pattern that provides 10 inches of free air space per lineal foot to meet or exceed building codes for ventilation. Vents cut at an angle to prevent insects from nesting; no additional screening necessary. Add the notched fascia and frieze board and you have an efficient, easy-to-install system.

AZEK Trim and AZEK Mouldings should be installed using the same good building principles used to install wood trim and mouldings and in accordance with the local building codes and the installation guidelines. AZEK Building Products accepts no liability or responsibility for the improper installation of this product.

AZEK Trim and AZEK Moulding may not be suitable for every application and it is the sole responsibility of the installer to be sure that AZEK Trim and Mouldings are fit for the intended use. Since all installations are unique, it is also the installer's responsibility to determine specific requirements in regards to each trim and moulding application.

AZEK Building Products recommends that all applications be reviewed by a licensed architect, engineer or local building official before installation. If you have any questions or need assistance, please call AZEK Customer Service at 877-ASK-AZEK  (877-275-2935) or visit our website at AZEKexteriors.com.
# MOULDING

CREATE STUNNING DETAILS THAT LAST. Backed by AZEK's promise of high-quality and lasting performance, AZEK Moulding will retain a like-new appearance despite the tests of time and weather. With over 30 different profiles to mix and match, you can customize any build with a distinctive look.

# CORTEX®

Save time, money, and labor costs with Cortex for AZEK® Trim. The only concealed fastening system that quickly and easily fastens AZEK Trim to your building project comes with collated strips to make fastening up to 50% faster. The felt tip on the unique bit prevents surface marring while driving fasteners securely below the trim surface. Plugs made of AZEK Trim tap in for a clean, flush finish. No mess and or fading over the life of the project. Plus, Cortex fasteners offer a stronger connection than nails.

## Cortex Benefits

- Fast and easy: eliminates the need to caulk, sand and paint each nail hole
- Plugs made out of same AZEK material as trim; eliminates fading or streaking
- Can be painted
- Guaranteed corrosion resistance for life of the project; ACQ approved

Paintable Cortex
for PaintPro Trim

# Adhesive and Tools

Quickly, easily and securely bond AZEK trim to multiple surfaces with AZEK adhesives engineered specifically to bond with PVC products. Get a permanent solution for core-to-core bonding, surface bonding, sealing and filling PVC trim and moulding for an attractive finish.

## Fast Cure Adhesive

White, two-part acrylic-based adhesive ideal for bonding AZEK to AZEK products. Also bonds PVC to wood, metal, brick, vinyl, glass and other PVC. Work time 4-7 minutes at 70°F. Fully cures in 24 hours. Fills nail holes and gaps up to 1/8". Requires Qwik-Mixer for easy mixing and dispensing.

## Slow Cure Adhesive

White, two-part acrylic-based adhesive ideal for bonding AZEK to AZEK products. Also bonds PVC to wood, metal, brick, vinyl, glass and other PVC. Work time 15-25 minutes at 70°F. Fully cures in 24 hours. Fills nail holes and gaps up to 1/2". Requires Qwik-Mixer for easy mixing and dispensing.

## Cellular PVC Cement

Clear, contact-style adhesive bonds with PVC in a fast working time. Ideal for securing joints. Creates a powerful and reliable material bond with no sanding or scraping required. Use AZEK Cellular PVC Cement to connect trim when a tight compression is required, such as connecting trim end-to-end (scarf joints) and at corners (miter joints).

## Fill & Flex

Use for expansion and contraction joints on PVC trim boards. Seals gaps around windows and doors. Slow curing, one-part, urethane-based sealant with high level of flexibility and elongation to absorb expansion and contraction from heat or cold.

## PVC Trim Nail Eraser

Fills finish nail holes in PVC trim. White color perfect matches AZEK trim. Resists yellowing. .5 oz.

## Adhesive Accessories

### QWIK-MIXERS
50 ml: AAD50MLSQM,
220 ml: AAD220MLQM

Required dispenser for Fast Cure and Slow Cure AZEK Adhesive products. The resin and catalyst blend together as they travel down the tube to the applicator tip. Ensures 1:1 ratio mix and provides easy adhesive application. 24 per pack.

### NAIL ERASER
Fills finish nail and brad holes in PVC trim board. Resists yellowing. .5oz

### MANUAL 220 ML DISPENSING GUN
Its 26:1 mechanical advantage dispenses high and low viscosity adhesives with less user fatigue. Designed to maximize durability.

### MANUAL 50 ML DISPENSING GUN
Made of highly engineered plastic to be lightweight and powerful. Easy loading breech provides secure cartridge fit.

### CAULKING GUN ADAPTER
Tool adapter for caulking guns.

### PLASTIC JOINING BISCUITS
Easy way to join, seal and finish PVC trim. 50 per pack
