Shelly Smart Security Bundle

About the Smart Security Bundle

Shelly Smart Security Bundle is a set of Bluetooth sensors and a Bluetooth to Wi-Fi gateway USB dongle. You can use the bundle to monitor motion and detect opening or closing of a door or window. All Bluetooth sensors are automatically added to your Shelly Cloud account upon inclusion of the Shelly BLU Gateway.

Depending on the number of sensors included, there are two types of bundle packs:

- Smart Security Bundle
- Smart Security Bundle XL

Each Shelly Smart Security Bundle pack contains:

Device	Smart Security Bundle	Smart Security Bundle XL
Shelly BLU Gateway (the Gateway)	1 pc	1 pc
Shelly BLU Door/Window	3 pcs	5 pcs
Shelly BLU Motion	3 pcs	5 pcs
