

818 series concealed drawer slides for frameless cabinets

Convenient and reliable, the 818 series brings better performance and reliability to any wood drawer application.

A favorite of cabinet makers with cost-sensitive projects who are looking for a high-quality concealed slide without sacrificing functionality and performance. Soft-close technology, height drawer front height adjustment, plus a **80 lb (35 kg) load capacity** make the 818 series a perfect option for cabinet makers.

- Telescopic movement
- Suitable for wood drawers only
- Elegantly concealed underneath the drawer bottom panel
- Soft-closing mechanism provides smooth, noiseless closing
- Easy opening with a low pull-out force requirement
- Full extension slide allows complete access to drawer content
