

2-3 Steps Stainless Steel Handrail

Rugged Construction & High Stability & Mirror Finish

- Our stainless steel handrail provides extra protection for the elderly, children, and disabled struggling to use stairs. The stair handrail can hold up to 551 lbs/250 kg load and is 0-90° adjustable to fit 2-3 steps. In addition, the stair rail is rust-proof and easy to clean due to its sturdy 304 stainless steel construction and mirror finish. This stair railing exterior is ideal for gardens, residential buildings, porches, hotels, etc.
- Adjustable for 2-3 Steps
- High Bearing Capacity
- Sturdy Stainless Steel
- Effortless Installation

Fit 2 to 3 Steps

As a great helper for your family members to go up and down the stairs, this handrail for stairs fits 2 to 3 steps. Besides, the railing provides high stability and reduces fatigue for you.

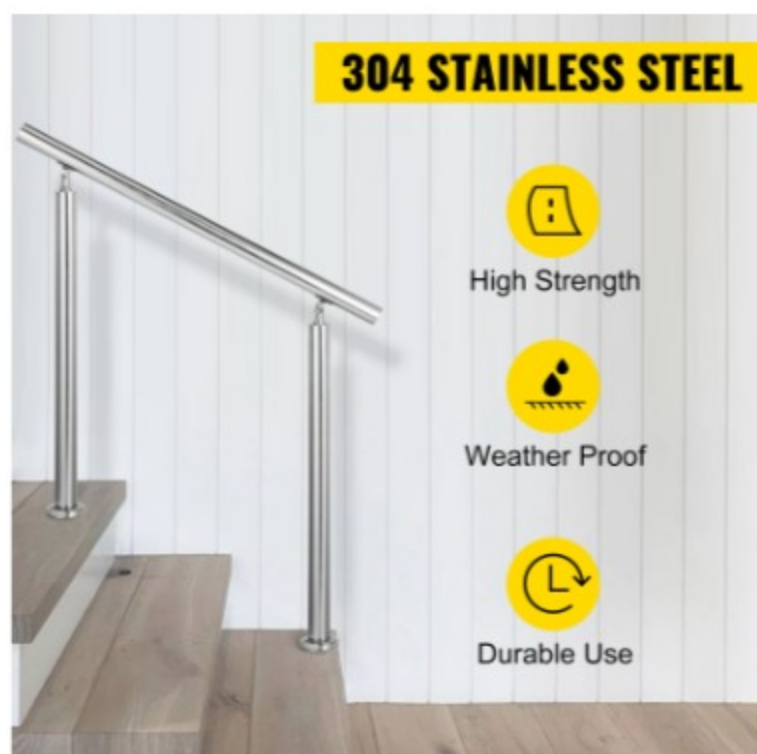

Angle Adjustable

With the flexible screws connection, this stair railing is angle changeable within 0-90° to suit steps of different heights. Thus, you can adjust the desired location to meet your various needs.

551 lbs Load Capacity

Our railing for steps can bear up to 551 lbs/250 kg load. The tube is 0.05"/1.2 mm thick, uneasy to deform or flex. Also, the 0.12"/3 mm thickened base ensures super stability and firm support.

304 Stainless Steel

This outdoor stair railing is constructed with sturdy 304 stainless steel, making it rust-proof and corrosion-proof. As a result, the bar can withstand years of exposure to all kinds of weather.

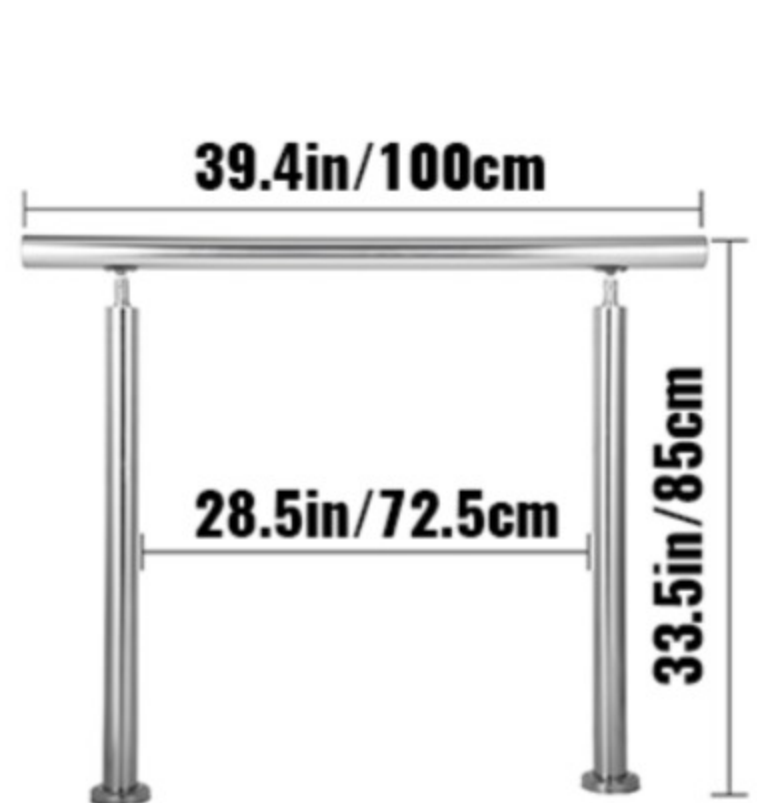

Easy to Assemble

The handrail outdoor kit includes everything you need to attach the rail and post to the stairs. Pre-drilled holes on the base also eliminate your trouble of drilling. Thus, it only takes a few minutes to install.

Versatile Uses

Our handrail for outdoor steps is suitable for residential buildings, gardens, hotels, porches, and other places with stairs or steps. It serves as a support to improve security, comfort, and convenience.
