Viribright Limited Warranty

Viribright Lighting, Inc. ("Viribright™") warrants, to the original end-user ("user"), each of our current 7XXXX LED lamps and products ("product") to be free from defects in materials and craft that would render the product inoperable or unserviceable, for one year (12 months) from the date of purchase.

The warranty applies only to the current 7XXXXX 6XXXXX products with a current, unaltered, intact manufacturing number or product identification code starting with 6XXXXX and 7XXXXX. Proof of purchase must be presented, and replacements are non-negotiable, non-transferable, and subject to the following terms and conditions. All other products containing 73XXX or earlier manufacturing numbers or product identification codes are no longer supported or covered by this or any warranty, including any express or implied warranty.

If the product fails to operate during the warranty period, Viribright™ will, at its option, replace or repair the product at no charge. This warranty does not include offers of cash or credit, guaranteed sales, product swaps, or any compensation of any type except for the replacement or repair of the same product as that which is covered by the warranty. Viribright™ will not be responsible for device damages or replacement to devices that hold the product or the product is a part of it. Viribright™ is not responsible for freight, packaging, or handling fees, labor costs of product removal, disposal, replacement, or installation.

Warranty Period (12 Months)

Viribright™ warrants the product to be free from defects in materials and workmanship for 12 months from the date of purchase. If Viribright™ grants a replacement and the product is unavailable, a comparable product may be provided at the sole discretion of Viribright™.
