

LED LAMP

SPECIFICATIONS

The Commercial Electric 74218/6WY/HD 1x4 foot LED Flat Panel with selectable color temperatures provides the right light for any room and any mood. This flush mount fixture offers instant full brightness (including in sub-zero temperatures). The LEDs are integrated directly into the fixture so there are no bulbs to replace. Use the switch on the back of the fixture to adjust the color temperature during installation or use a standard wall switch to adjust colors to meet your needs. Toggle through Soft White, Neutral White, Bright White, Daylight and Daylight Deluxe to get tasks done or unwind at the end of the day, all in the same room. Its frosted acrylic lens and white frame add modern style to any area. Our flat panel ceiling fixtures and wall sconces are energy efficient, produce even light distribution of 3800 lumens and have an average life of 50,000 hours/45.7 years.
