Milwaukee® Eliminates the Hassles of Gas with New Battery-Powered Trowel

MILWAUKEE, WI – Milwaukee Tool provides a smooth, balanced concrete finishing experience with their new walk-behind trowels. Part of the MX FUEL™ Equipment System*, the Milwaukee® MX FUEL™ 36" Walk-Behind Trowel and MX FUEL™ 24" Walk-Behind Edging Trowel have gas-like power without the common hassles associated with gas-powered trowels.

Delivering 5HP performance, concrete finishers have the power and confidence to both pan and finish any slab. The 36" power trowel has a max blade speed of up to 130 rpm and the 24" edging power trowel up to 160 rpm. The MX FUEL™ REDLITHIUM™ FORGE™ HD12.0 Battery Pack allows the 36" trowel to deliver up to 25 minutes of run-time, approximately panning 2,000 square-feet or finishing 500 square-feet over five passes. The 24" trowel delivers up to 35 minutes of run-time, approximately panning 600 linear-feet of edging or finishing 130 linear-feet of edging over five passes. The new MX FUEL™ Super Charger provides 2X faster charging speeds for increased productivity and efficiency on the jobsite, charging the REDLITHIUM™ FORGE™ HD12.0 Battery Pack in only 65 minutes to 100% charge. The battery pack and new MX FUEL™ Super Charger are COOL-CYCLE™ capable, an Active Cooling System that provides high-speed cooling for less downtime, allowing users to stay productive when swapping batteries.

Both concrete trowels eliminate the headaches associated with gas-powered equipment, requiring no regular maintenance or the need for users to mix gas and oil. The push-button start provides instant power, removing the repetitive motions of a typical pull-start and reducing downtime on the jobsite. Producing less noise and vibration, the battery-powered trowels have zero emissions, for a safer workspace, indoors or outdoors.

Designed with the professional concrete finisher in mind, the concrete trowels are easy to use. The handlebar height can be easily adjusted for the user's comfort, and a lift hook on the base allows for easy transportation around the jobsite.

As an added benefit, [ONE-KEY™](#) ** provides the ability to track the trowels with community tracking and alerts, complete inventory management, and industry leading smart-equipment technology to secure the user's investment.

Milwaukee Tool remains unwavering in their commitment to delivering disruptive innovation by working alongside trade professionals to identify challenges and provide solutions that are unparalleled in enhancing jobsite safety and productivity. With solutions that cover the entire concrete pour to finish process, Milwaukee Tool's MX FUEL™ Equipment System is safer, more reliable, and more productive, going beyond the limitations of gas and corded solutions. For more information about the MX FUEL™ Equipment System, please visit

****The MX FUEL™ Equipment System:*** This groundbreaking cordless system revolutionizes the light equipment market by delivering the performance, run-time, and durability demanded by the trades without the hazards associated with emissions, noise, vibration, and the frustrations of gas maintenance. Each of the solutions on the MX FUEL™ System go beyond the limitations of gasoline and power-cord units and operate off one completely compatible system all on the same battery. This is Equipment Redefined.

*****ONE-KEY™*** is the first digital platform for tools and equipment. By integrating industry-leading tool electronics with a custom-built cloud-based program, ONE-KEY™ provides a new level of control and access to information that revolutionizes the way work gets done. The ability to customize, track, and manage through ONE-KEY™ fundamentally changes the way users interact with their tools and equipment.

Specifications

MX FUEL™ 36" Walk-Behind Trowel (MXF336-3HD)

- Battery Type: Lithium-Ion
- Battery System: MX FUEL™
- Length: 63"
- Width: 30"
- Height: 40.5"
- Weight (Tool Only): 164lbs

- Power: 5HP
- Equipment Warranty: 2 Year
- Battery Warranty: 2 Year
- Push Button Start: Yes
- Kit Includes: (1) MX FUEL™ 36" Walk-Behind Trowel (MXF336-3HD), (3) MX FUEL™ REDLITHIUM™ FORGE™ HD12.0 Battery Packs, (1) MX FUEL™ Super Charger

MX FUEL™ 24" Walk-Behind Edging Trowel (MXF324-2HD)

- Battery Type: Lithium-Ion
- Battery System: MX FUEL™
- Length: 56"
- Width: 30"
- Height: 36.75"
- Weight (Tool Only): 124lbs
- Power: 5HP
- Equipment Warranty: 2 Year
- Battery Warranty: 2 Year
- Push Button Start: Yes
- Kit Includes: (1) MX FUEL™ 24" Walk-Behind Edging Trowel (MXF324-2HD), (2) MX FUEL™ REDLITHIUM™ FORGE™ HD12.0 Battery Packs, (1) MX FUEL™ Super Charger

Also Available

- 24" Combination Blades
- 24" Pan
- 36" Combination blades
- 36" Pan
- 36" Clip-on float blade
- 36" Finish Blades

About Milwaukee Tool

Milwaukee Tool, founded in 1924, is a global leader in delivering innovative solutions to the professional construction trades that increase productivity and safety. Milwaukee® is known for their world-leading [M12™](#), [M18™](#), and [MX FUEL™](#) cordless systems, the ground-breaking performance of their cordless innovations, safety solutions, battery-powered [outdoor power equipment](#), jobsite lighting and clean-up, time-saving accessories, and innovative hand tool and [PACKOUT™ Modular Storage products](#). The company is dedicated to delivering a steady stream of advanced, trade-specific solutions.

Milwaukee Tool is a Brookfield, Wisconsin-based subsidiary of Techtronic Industries Co. Ltd. (TTI) (HKEx stock code: 669, ADR symbol: TTNDY). For more information on the full line of Milwaukee® products, please call 1-800-SAWDUST or visit www.milwaukeetool.com.
