

LED LAMP

SPECIFICATIONS

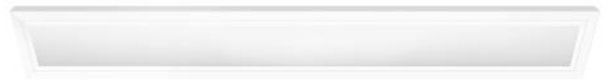

The 25-watt edge-lit fixture with five selectable color temperatures (3000K/3500K/4000K/5000K/6500K) provides added function and style to both residential and commercial areas. Its ultra-slim, low-profile design is perfect for low ceilings and the no-glare, edge-lit LEDs are integrated so there are no bulbs to replace. Get the right light in any room all with one light. You can pre-select a color temperature setting or adjust it with a standard light switch. The versatile FP0.5X4/6WY/WH/HD turns on instantly to full brightness. Adjust the light to suit any scenario from relaxing with an inviting, warm light to focusing on important tasks with energizing, cooler light. A frosted lens and white frame add beauty and modern style to any area. LED ceiling fixtures and wall sconces are energy efficient, produce even light distribution of 1900 lumens, and have an average life of 50,000 hours/45.7 years. The estimated annual energy cost is only \$3.01.

0.5 ft. x 4 ft. 25W Selectable White

FP0.5X4/6WY/WH/HD

Features

- Modern slim edge-lit design is perfect for low ceilings and makes any room architecturally pleasing
- Choose from 5 color temperatures depending on the task at hand. Select prior to installation or use a standard wall switch
- Energy efficient LED technology uses considerably less power compared to equivalent incandescent lights
- Easy-to-install mounting brackets, enables simple installation in both residential and commercial buildings
- LED lighting provides energy savings over conventional light fixtures and 50,000 hours of reliable light
