## LED MEDICINE CABINET

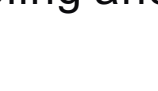

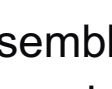

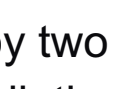

### INSTALLATION MANUAL

### CONTACT US

After opening the package, please inspect the product immediately and see if there is any damage or missing parts. If there is, please feel free to contact us by **info@hopze.com** or call hotline **+1 607 645 4819**. Please leave us a message, and we will reply within 24 hours.

### PACKING LIST

	 24x32	 24x32	 30x32	 30x32
 Glass Plate	2	2	2	2
 Shelf Clip	4	4	4	4
 Lower Bracket	1	1	1	1
 Anchors  Screws	3	3	3	3

### BEFORE INSTALLATION

Thank you for choosing our products. To ensure the best experience, please read carefully and follow the instructions provided below before assembling and installing the product.

#### 1. Important Safety Instructions:

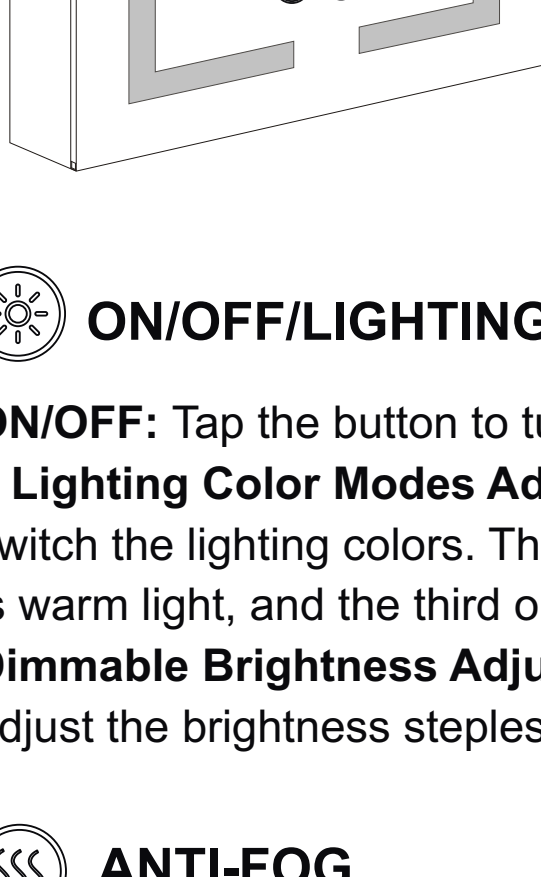

- Assembly by two or more adults is highly recommended, so as to ensure proper installation.
- To connect the wires to the electrical junction box, a qualified technician or electrician is highly recommended.
- Disconnect power before installing, adding, or changing any components.
- Make sure that the fixing location can support the weight of the entire fixture (e.g. solid stone or brick walls).
- To prevent injury, the glass shelves must be installed after the LED medicine cabinet is hung up and as per the instructions provided.

#### 2. Pre-assembly:

- Inspect the product immediately upon receipt for any transit damage or missing parts.
- The voltage for your product should be between 110V and 240V. If the voltage exceeds 240V, please use a transformer.
- You can connect the wires directly to your junction box or plug.

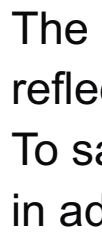

#### 3. Before Installation

- Please check and make sure that the mirror is functioning properly.

 **ON/OFF**  
Lighting Color/Brightness

 **Anti-fog**

#### ON/OFF/LIGHTING COLOR / BRIGHTNESS

- **ON/OFF:** Tap the button to turn on the light and tap again to turn it off.
- **3 Lighting Color Modes Adjustable:** Short touch the power button to switch the lighting colors. The first short touch is white light, the second is warm light, and the third one is natural light.
- **Dimmable Brightness Adjustable:** Long touch the power button to adjust the brightness steplessly.

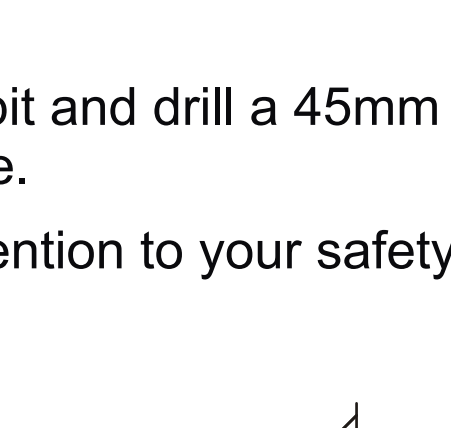

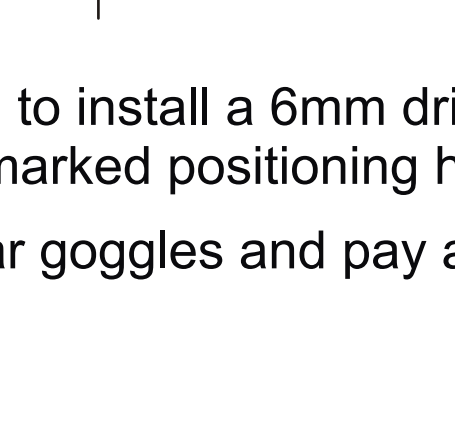

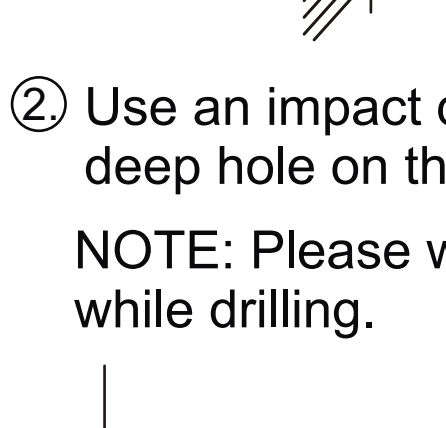

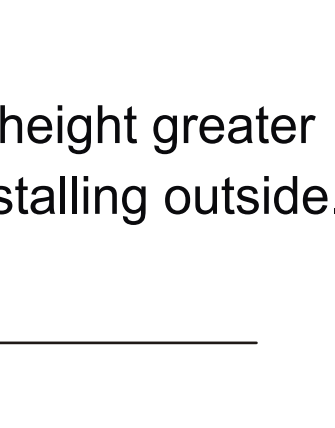

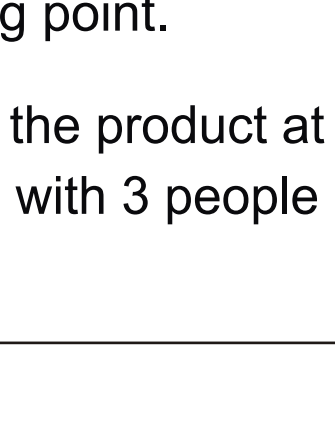

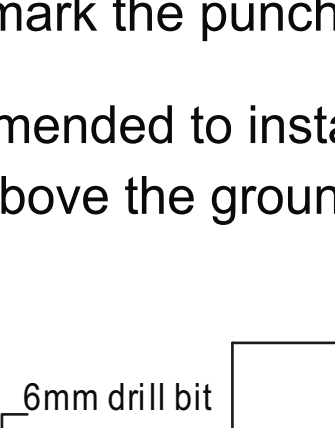

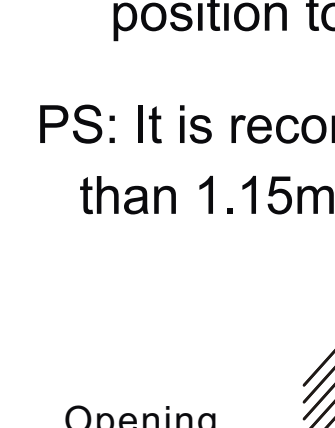

#### ANTI-FOG

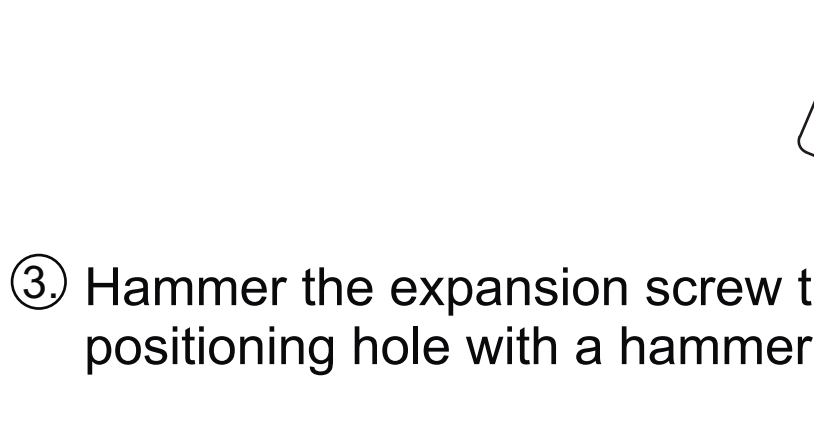

- Separate Anti-fog Switch to Turn ON/OFF defogger function at your needs.
- The anti-fog function helps resist the troubling fog and keep a clear reflection.
- To save your time, we suggest open the anti-fog function 5~10 minutes in advance.

### SURFACE WALL MOUNT INSTALLATION

#### 1. Installation Tools

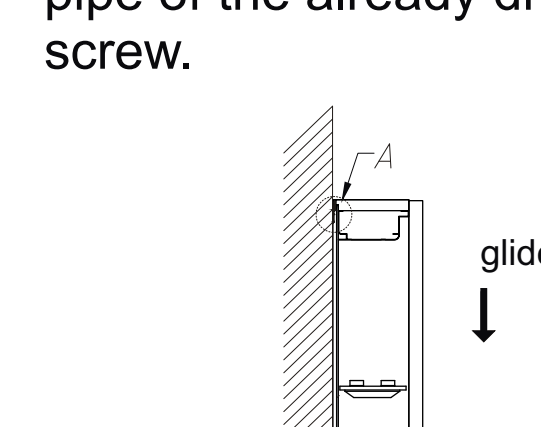

#### 2. Installation Steps

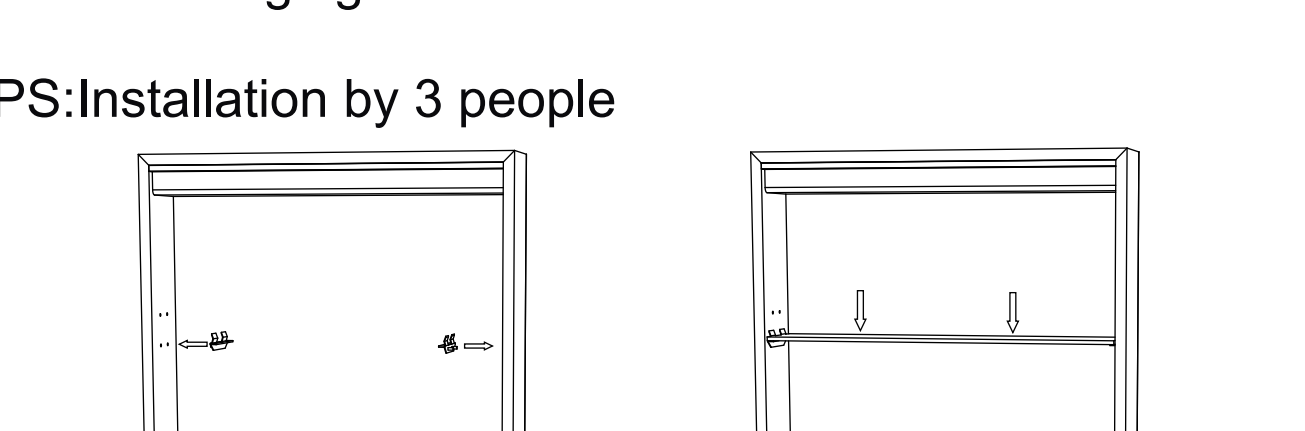

- ① Place the hanging strip on the wall, level it, and use a pencil to draw a hole with a depth of 45mm at the screw hole position to mark the punching point.

PS: It is recommended to install the product at a height greater than 1.15m above the ground, with 3 people installing outside.

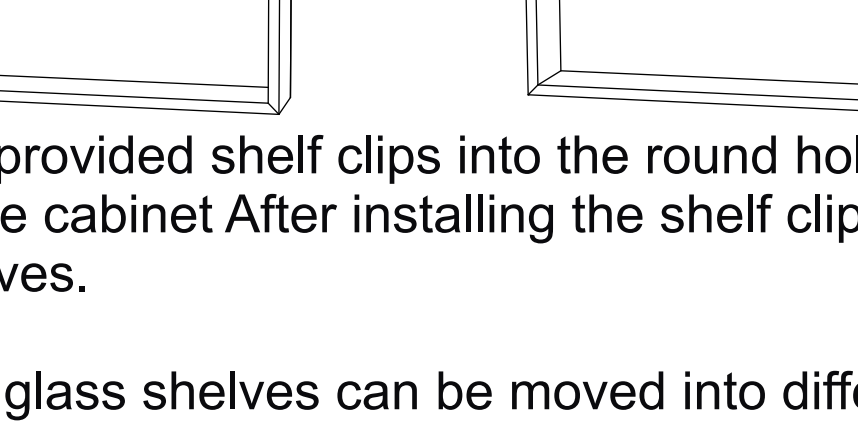

- ② Use an impact drill to install a 6mm drill bit and drill a 45mm deep hole on the marked positioning hole.

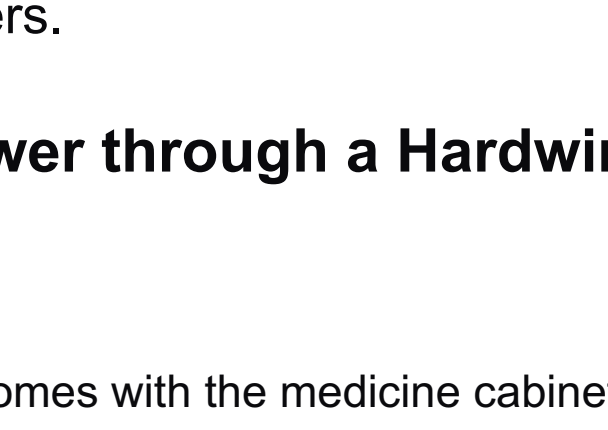

NOTE: Please wear goggles and pay attention to your safety while drilling.

- ③ Hammer the expansion screw tube into the pre-drilled positioning hole with a hammer

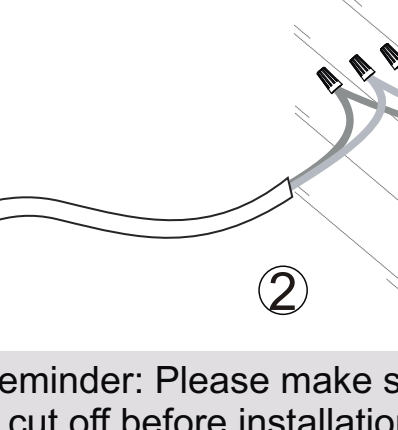

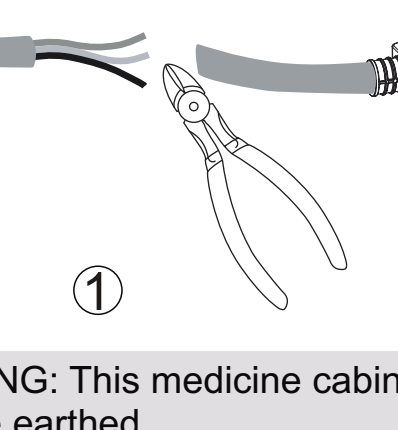

- ④ Align the screw hole of the hanging strip with the 6mm drill pipe of the already drilled expansion screw, and lock the screw.

- ⑤ Stick the back of the mirror cabinet tightly to the wall, slowly slide it down, and insert the hanging strip into the mirror cabinet hanging slot.

PS: Installation by 3 people

- ⑥ Insert the provided shelf clips into the round hole on both sides of the cabinet. After installing the shelf clips, insert the glass shelves.

Note: The glass shelves can be moved into different heights as needed, since we deliberately design extra sets of holes for installation. For the holes that you don't use, we suggest to fill them with hole covers.

#### 3. Connect the Power through a Hardwired or Plug-in Setup.

##### • Hardwired:

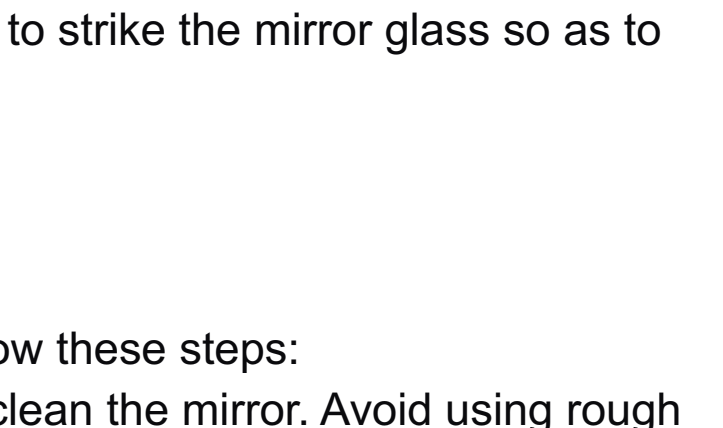

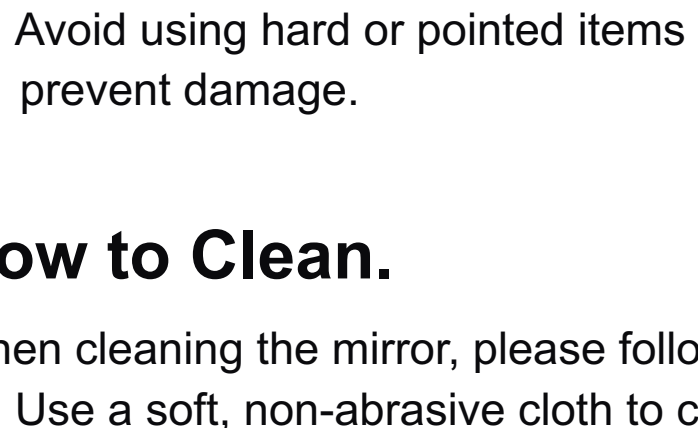

- ① Cut off the plug that comes with the medicine cabinet;

- ② Connect the cables into the household wirings

BLACK WIRE-POWER SUPPLY L (HOT)

WHITE WIRE-POWER SUPPLY N (NEUTRAL)

GREEN WIRE-POWER SUPPLY E (EARTH)

**WARNING:** This medicine cabinet must be earthed.

**Reminder:** Please make sure the power is cut off before installation

#### Plug-in:

If you want to connect power by plug-in, just simply plug into the socket.

### HOW TO USE AND CLEAN

In order to keep the LED medicine cabinet in perfect condition, we suggest a proper use and regular cleaning.

#### How to Use.

1. Please ensure that the product is used within the safe voltage range of 110V-240V.
2. Please wrap electrical tape around the wires to prevent electrical leakage.
3. Avoid using hard or pointed items to strike the mirror glass so as to prevent damage.

#### How to Clean.

When cleaning the mirror, please follow these steps:

1. Use a soft, non-abrasive cloth to clean the mirror. Avoid using rough or abrasive materials that may damage the surface.
2. Do not use any cleaning agents that may cause irritation or damage to the mirror's finish. Instead, use any of the recommended cleansers to remove dirt and grime.

#### Warranty

1-year warranty from the date of your purchase.
